Chief Communications and Liaison: Frank Keith
CFO: Janice J. Lambert
CIO: Richard A. Spires

Overview:

The Internal Revenue Service (IRS) is ready to help Americans pay their taxes, whether they want to or not. A bureau in the Department of the Treasury, the IRS is responsible for tax collection and tax law enforcement in its numerous forms. With an annual budget of more than \$10 billion, the agency strives to fulfill its mission by helping taxpayers understand their obligations and by consistently and fairly enforcing tax laws. After a major reorganization, began in 1998, the IRS restructured itself along customer-centric lines that created its four primary divisions; Wage and Investment, Large and Mid-Size Business, Small Business/Self Employed, and Tax Exempt and Government Entities.

Key People:

Secretary: Henry M. (Hank) Paulson Jr.
White House Liaison: Janan Grissom
CIO: Ira L. Hobbs
Assistant Secretary for Management and CFO: Sandra Pack
Assistant Secretary for Public Affairs: Tony Fratto

Overview:

The US Department of the Treasury (also known as the Treasury or Treasury Department) is the primary federal agency responsible for the economic prosperity and security of the US. In addition to conducting monetary functions such as federal budgeting, currency production, and taxation, the Treasury also oversees some aspects of enforcement, economic policy development, and international treaty negotiations.

Federal departments under the Treasury's purview include the Internal Revenue Service (IRS), regulatory bodies the Office of Thrift Supervision and the Comptroller of the Currency, and the US Mint. The Treasury is organized into two primary components – the departmental offices are primarily responsible for the formulation of policy and management of the Treasury as a whole, while the operating bureaus, which make up about 98% of the workforce, carry out the specific operations assigned to the Treasury.

The Office of Terrorism and Financial Intelligence was recently established in response to congressional criticism that the Treasury needed to do a better job of tracking money, especially in relation to terrorist financing both domestically and internationally.

Director, Treasury Executive Office for Asset Forfeiture (TEOAF): Eric Hampf

Chief, Criminal Investigation, IRS: Nancy J. Jardini

Overview

The Office of Terrorism and Financial Intelligence (TFI) directs the Treasury Department's intelligence and enforcement functions to safeguard the US financial system. The TFI protects the financial system from illicit use, combating such national security threats as rogue nations, terrorist facilitators, money launderers, and drug kingpins. The TFI gathers and analyzes information from intelligence, law enforcement, and financial communities, documenting how evil-doers earn, move, and store money and then taking appropriate policy, regulatory, or enforcement action. The TFI can freeze assets, cut off foreign jurisdictions from the US financial system, repatriate assets, and enforce US financial regulations.

The following are all US Federal aspects (SIC & NAICS codes) which should be considered open for evaluation and possible re-architecting:

US Federal Government agencies or government-related establishments involved with the functions of the US federal government.

Industry Family Tree: US Federal Government Main Industry Directory

Associated SIC Codes
